What is Functional Classification?

When do FC changes occur?

Background

Why are FC changes necessary?

What should I do before requesting a FC Change?

When is the right time to request a FC Change?

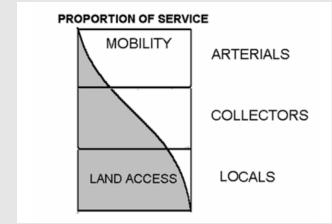

How do I submit a FC Change request?

#### Background

- The SOP applies to all FC changes on all public roadways, including:
  - The TxDOT-maintained highway network
  - Locally-maintained roadways
- Federal law places primary responsibility for designating and updating FC to State DOTs.
  - TxDOT's responsibility is to clearly define the role each element of the roadway network plays in serving various travel needs through the Federal FC System.

#### What is Functional Classification?

- The hierarchy divides roads into Arterials, Collectors, and Locals based on whether their primary travel function is:
  - 1. Access;
  - 2. Mobility; or
  - 3. Both Access and Mobility

#### Table 2-1: Relationship between Functional Classification and Travel Characteristics

Functional Classification	Distance Served (and Length of	Access	Speed Limit	Distance between Routes	Usage (AADT and	Cignificance	Number of Travel
Arterial	Route) Longest	Points Few	Highest	Longest	DVMT) Highest	Significance Statewide	Lanes More
Collector	Medium	Medium	Medium	Medium	Medium	Medium	Medium
Local	Shortest	Many	Lowest	Shortest	Lowest	Local	Fewer

#### What is Functional Classification?

- Defines the role of a road
- Used as an indicator of roadway design and to determine eligibility for federal funding

	Range (pe	rcent)
Urban Functional Systems	VMT	Miles
Principal arterial system	40-60	5-10
Principal arterial <u>plus</u> minor arterial road system	65-80	15-25
Collector road system	5-10	5-10
Local Road System	10-30	65-80

#### What is Functional Classification?

Divided into 7 categories based on a hierarchy:

Function Classification	Hierarchy of Roadways	Statewide Planning Map Color
1	Interstate	
2	Other Freeways and Expressways	
3	Other Principal Arterial	
4	Minor Arterial	
5	Major Collector	
6	Minor Collector	
7	Local	

## When do FC changes occur?

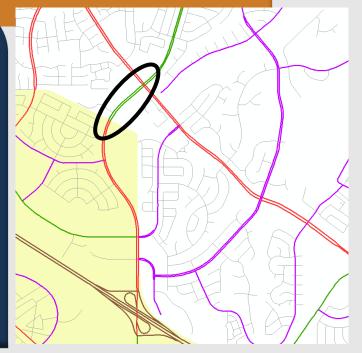

- 1. When new roads are built or extended.
- 2. When existing roads are realigned or reconstructed.
- 3. When traffic patterns or volumes change.
- 4. When land use patterns change.

#### Why are FC changes necessary?

- 1. To reflect new functional uses of roadways.
- 2. To update the role each element of the roadway network plays in serving various travel needs.
- 3. To ensure that the roadway's design, speed, capacity, and relationship to existing and future land use development accurately reflect the intended use of the roadways.
- 4. To determine eligibility for federal funding to construct and maintain roadways.
- 5. To set or adjust roadway system performance, benchmarks, and targets for preservation, mobility, and safety.

#### What should I do before requesting a FC change?

- Consider *System Continuity* 
  - A higher classified road should not end at a lower classified road.
  - Pay attention to the roadway's relationship to intersecting, adjacent, and nearby roadways.
  - A roadway's FC should not transition to a different FC unless doing so at an intersection or where it meets another roadway where traffic may enter or exit.
  - A roadway may not receive a FC above Local unless traffic volumes can support the need.

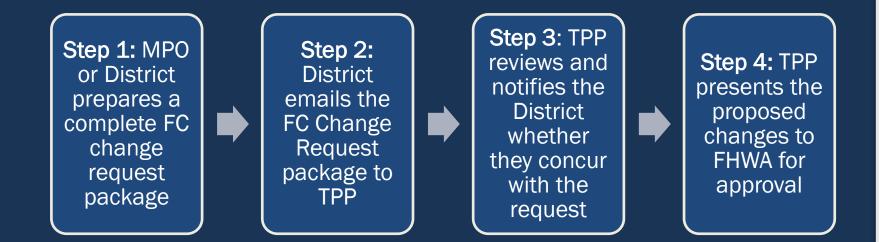

#### When is the right time to request a FC change?

- When a roadway project is considered consistent with the long-range plan and programmed for funding:
  - When the project first appears in the TIP.
  - At least 4 years before construction or when PE is listed or grouped in the STIP.
- Regardless of a project, when warranted due to changes in land use, traffic patterns, and traffic volumes.

#### How do I submit a FC change request?

- Requests must be submitted to TPP and approved by FHWA <u>before</u> a project is let for construction.
- Do <u>not</u> submit changes for the sole purpose of making a roadway eligible for federal funding.
- A roadway that is eligible for FHWA federal highway aid will <u>not</u> be eligible for FEMA federal disaster recovery funds.
- District-led requests must be coordinated with MPOs before routing the requests to TPP.
- MPO-led requests must be reviewed by Districts for concurrence and completeness before routing to TPP.
- Districts are responsible for ensuring that all FC change requests are consistent and accurate before they are submitted to TPP.

#### Steps to submitting a complete FC change request

#### Step 1: MPO or District prepares a complete FC change request package

- A complete FC change request package includes:
  - 1. FC Change Request Form 2373
  - 2. Form 2373 Additional Attachment Form (if necessary)
  - 3. Supporting documentation
- Supporting documentation:
  - 1. Draft map urban boundary, current development, AADT
  - 2. Letter of support from city or county, or MPO resolution
  - 3. For proposed or upgraded roads:
    - a) STIP / UTP / MTP entry
    - b) Estimated open to traffic date
    - c) Estimated let date

Form 2373 (8/23) Page 1 of 3

#### Functional Classification Change Request – Checklist

#### Introduction

This form is intended for TiDOT Districts who submit a Functional Classification (FC) change outside of Metropoltano Planning Organization (MOD) Doundary or work with an Arto Dio address an FC change within a MPO boundary. Thom TiDistricts should complete, sign, and include this form as a cover to the submittal peckage when requesting an FC changes to the Transportation Planning and Porgramming Division (PF). Each section sites the required items to be included in all FC change requests within and outside of MPD boundaries. Requests will only be reviewed and processed by TPP concerning and endormation and the submitted of the s

Additional resources:

For more information on FC and to download the required documents, please visit the Transportation Planning and Programming <u>TPP FC SharePoint</u> platform

For questions or comments, please contact the TPP Division at <u>TPP Contradistor</u>. The TPP Statewide Pleaning Branch will monitor this lonks and respond to questions or community. TPP of Antipatria the response advancement greegist of the FC submittal geologies within the QL business days, please contact the TPP Statewide Planning Branch Manager or the TPP Systems Planning teacologies (C) business days, please contact the TPP Statewide Planning Branch

A copy of this Checklist, signed by the Transportation Planning and Development Director (TP&D) for each TxDOT District, must be included with your FC change request package. A signature line (DocuSign) is included at the end of Section 3.

Section 1: Cause of Functional Classification change request

FC changes may occur in one or more of the following scenarios. Please select all that apply to your request.

New roadway(s) built or extended

Traffic patterns or volumes change

Existing roadway(s) realigned or reconstructed Section 2: FC Change within or outside MPO boundary

FC changes may occur in one of the following scenarios. Please select which applies to your request.

FC change within MPO boundary

#### Form 2373 (8/23) Page 2 of 3

#### Section 3: FC Change Request Package Items and Requirements

For FC Changes within MPO boundaries, the MPO submits the FC change request package to the corresponding TxDOT District. The FC change request package <u>must</u> include the items listed below as applicable upon submittal. The corresponding TxDOT District then submits the complete package to <u>TPP FORVIDATE</u> of <u>package</u> to <u>the source</u> of the source of the

For FC Changes outside MPO boundaries, TxDOT District staff submits an FC change request package to the TPP Division. The FC change request package <u>must</u> include the items listed below as applicable upon submittal to <u>TPP FOPendoc.fov</u>.

#### Select items included in your FC change request package.

- A list of changes (see Table 1 for a template of the required information)
- Rationale for each FC change (as indicated in the Table 1 template)
- Draft map(s) clearly depicting proposed change(s)
- Urban boundary
- Current development (aerial photo, Google Street View)
- Land use
- Major traffic generator(s)
- Roadway(s) for which a FC change is being requested and most current AADT
- Existing roadways with associated FC hierarchy and most current AADT

Letter of support from city or county or MPO resolution (other backup documents such as meeting minutes or agendas can be included)

FC change request email to TPP\_FC@txdot.gov

In addition to the items listed above, the following information are <u>required</u> for FC changes on proposed or upgraded roads.Select items included in your FC change request package, along with supporting documentation.

Outside MPO boundary:	STIP or UTP entry
	Estimated open to traffic date
	Estimated let date
Within MPO boundary:	STIP/TIP (MTP or UTP) entry
	Estimated open to traffic date
	Estimated let date

Is the FC change associated to a project already included in the STIP / TIP or UTP? OYes

If you answered yes to the previous question, enter the corresponding CSJ(s) on the following line. You may include this information as an attachment if more space is needed.

#### Form 2373 (8/23) Page 3 of 3

List FC changes following the Table 1 template, to be included in the Change Request email to TPP\_FC@txdot.gov.

May 17, 2023 (note format)

Mr. Al Alonzi Division Director Federal Highway Administration 3300 East 8th Street, Suite 826 Austin, TX 78701

Attention: Genevieve Bales

Dear Mr. Alonzi:

For your review and approval is the following Functional Classification (FC) request for [Route in County, MPO], located in Texas Department of Transportation's (TxDOT) [XYZ District].

Roadway	From	То	Length (mi)	Rationale	Current FC	Proposed FC
Route	From limit	To limit	Length in	Reason for change		New
Name	route	route	miles		Classification	Classification

This request proposes to functionally classify the segment of [Route from Route to Route] as [functional classification (capitalize)]. [Route is a new location facility.]

Attached is the FC submittal for the roadway listed in the table above. This submission includes a map of the recommended FC and documentation from [the XYZ MPO, XYZ County, XYZ City] and the [District] supporting these changes.

If you have any questions or need additional information, please contact Casey Wells, Systems Planning Section Director, at (512) 423-8986.

Sincerely,

Humberto Gonzalez, Jr., P.E., M.B.A. Director, Transportation Planning and Programming Division

23

#### Step 4: TPP presents the proposed changes to FHWA for approval

- TPP will forward the FHWA approval notification to the requesting District and MPO, if applicable, and TPP's Data Management Section.
- TPP's Statewide Planning Branch will update the FC tracking log.
- TPP's Data Management Section will update the Statewide Planning Map.
- TxDOT Districts will update TxDOTCONNECT, if applicable.

#### What Makes a Comprehensive FC Change Request Package?

- 1. Consistent Project Limits
- 2. Complete Supporting Documentation
  - Recent Traffic Data (AADT)
  - Statewide Planning Map
  - TIP / STIP / UTP / MTP Reference, as applicable
  - Land Use Map, if applicable
  - MPO Meeting Minutes, if applicable

- 3. Clear Project Description
- 4. Justification Focused On Access and/or Mobility
- 5. Verified Traffic Data
- 6. MPO Meeting Minutes Referencing the FC Change Request
- 7. Accurate and Appropriate Proposed FC

#### Federal Functional Classification System Change Request For: Russell Road

(TxDOT Pharr District) Approved July 14, 2023 US. Department of Transportation Federal Highway Administration

Texas Division July 14, 2023

Mr. Humberto "Tito" Gonzales Jr. Director, Transportation Planning and Programming Division Texas Department of Transportation 125 East 11<sup>a</sup> Street, Austin, TX 78701-2483

FHWA Memo to

300 E. 8th Street, Rm 826

Austin TX 78701

In Reply Refer To: HDA-TX

512-536-5900

512-536-5990 Texas.fhwa@dot.gov

Attn: Robert Ramirez

Dear Mr. Gonzales:

Thank you for your letter requesting classification of the Russel Road. We noted that Russel Road and the future Russel Road are in Hidalgo County and are part of the Texas Department of Transportation's (TxDOT) Phar District, and Rio Grande Valley Metropolitan Planning Organization (RGVMPO). Please find a summary of the requested reclassification along with FHWA's determination below.

Facility	From	To	Miles	Current Functional Classification	Requested Functional Classification	FHWA Determination
Russel Road	FM 2220	0.5 mi west of Rooth Road	0.50	N/A Future Road	Minor Collector	Proposed Minor Collector
Russel Road	0.5 mi west of Rooth Road	Rooth Road	0.50	Local	Minor Collector	Minor Collector

Please note that all future routes are required to be to be separately classified as *Proposed* routes and properly reflected in the Statewide Planning Map. Once the road is built and open to traffic it may transition to existing routes. FHWA must be notified in writing for record purposes, and the Statewide Planning Map should also be updated, and a PDF provided.

If you have any questions, please contact Ms. Genevieve Bales at <u>Genevieve Bales@dot.gov</u> or 512-536-5941.

Sincerely yours,

Michael T. Leary

Michael T. Leary, Planning and Programming Director

Mr. Al Alonzi Division Administrator Federal Highway Administration 3300 East 8th Street, Suite 826 Austin, TX 78701

**FHWA** 

Attention: Genevieve Bales

For your review and approval is the following Functional Classification (FC) request for Russell Road in Hidalgo County within the Rio Grande Valley Metropolitan Planning Organization (RGVMPO), located in the Texas Department of Transportation's (TxDOT) Pharn District.

Roadway	From	То	Length (mi)	Rationale	Current FC	Proposed FC
Russell Road	FM 2220	0.5 mi west of Rooth Road	0.50 mi.	This facility will improve access to the Tres Lago development, neighborhoods, schools, parks, and commercial areas.	NA (New Location)	Minor Collector
Russell Road	0.5 mi west of Rooth Road	Rooth Road	0.50 mi	This facility will improve access to Tres Lago development, neighborhoods, schools, parks, and commercial areas.	Local	Minor Collector

This request proposes to functionally classify Russell Road from FM 2220 to Rooth Road as Minor Collector. Russell Road is a new location and realigned facility.

Attached is the FC submittal for the roadway listed in the table above. This submission includes a map of the recommended FC and documentation from the RGVMPO, Hidalgo County, City of McAllen and the Pharr District supporting these changes.

> OUR VALUES: People • Accountability • Trust • Honesty OUR MISSION: Connecting You With Texas

> > An Equal Opportunity Employer

Supporting Documentation Texas Department of Transportation Transportation Planning and Programming Division

For your review and approval is the following Functional Classification (FC) request for Russell Road in Hidalgo County within the Rio Grande Valley Metropolitan Planning Organization (RGVMPO), located in the Texas Department of Transportation's (TxDOT) Pharr District.

Roadway	From	То	Length (mi)	Rationale	Current FC	Proposed FC
Russell Road	FM 2220	0.5 mi west of Rooth Road	0.50 mi.	This facility will improve access to the Tres Lago development, neighborhoods, schools, parks, and commercial areas.	NA (New Location)	Minor Collector
Russell Road	0.5 mi west of Rooth Road	Rooth Road	0.50 mi	This facility will improve access to Tres Lago development, neighborhoods, schools, parks, and commercial areas.	Local	Minor Collector

This request proposes to functionally classify Russell Road from FM 2220 to Rooth Road as Minor Collector. Russell Road is a new location and realigned facility.

Attached is the FC submittal for the roadway listed in the table above. This submission includes a map of the recommended FC and documentation from the RGVMPO, Hidalgo County, City of McAllen and the Pharr District supporting these changes.

#### **TxDOT Memo to FHWA**

Thank you for your letter requesting classification of the Russel Road. We noted that Russel Road and the future Russel Road are in Hidalgo County and are part of the Texas Department of Transportation's (TxDOT) Pharr District, and Rio Grande Valley Metropolitan Planning Organization (RGVMPO). Please find a summary of the requested reclassification along with FHWA's determination below.

Facility	From	To	Miles	Current Functional Classification	Requested Functional Classification	FHWA Determination
Russel Road	FM 2220	0.5 mi west of Rooth Road	0.50	N/A Future Road	Minor Collector	Proposed Minor Collector
Russel Road	0.5 mi west of Rooth Road	Rooth Road	0.50	Local	Minor Collector	Minor Collector

Please note that all future routes are required to be to be separately classified as *Proposed* routes and properly reflected in the Statewide Planning Map. Once the road is built and open to traffic it may transition to existing routes. FHWA must be notified in writing for record purposes, and the Statewide Planning Map should also be updated, and a PDF provided.

Mr. Andrew A. Canon Executive Director Rio Grande Valley MPO 510 South Pleasantview Dr. Weslaco, Texas 78596

RE: Russell Road Project From FM 2220 (Ware Road) to Rooth Road (1.0 mile) Hidalgo County, Texas CSJ: 0921-02-362

Dear Mr. Canon:

Hidalgo County Precinct #4 would like to formally request the Functional Classification (FC) of the subject project as a minor collector from the RGVMPO and subsequently the Federal Highway Administration (FHWA).

#### **Justification**

The construction of the Tres Lagos community has created an increase in development within Hidalgo County and the City of McAllen. The community added parks, residences, schools, and commercial areas. The railroad relocation indirectly provided a new corridor through the city. East-west access to the facility requires traffic to stop at FM 2220 (Ware Rd.) and turn either north to access FM 1925 or south to access Russell Road.

The scope of the Russell Road project is to provide a four-lane urban roadway on new location. The project would provide a direct connection to Tres Lagos development, two major commuter roadways (FM 2220 and Rooth Road), and connect existing residential neighborhoods, schools, parks, and commercial developments in the area. The purpose of the project is to improve safety, connectivity, and mobility within the city of McAllen, Edinburg, and Hidalgo County.

The Hidalgo County Precinct #4 has begun developing the preliminary engineering and environmental documents; however, to proceed with project development, the project must be functionally classified. The project is listed in RGVMPO Transportation Improvement Plan (TIP) in fiscal year (FY) 2024. It is anticipated to be let in 2024 and open to traffic in 2026.

The completion of this segment would connect two major collectors (FM 2220 and Rooth Road). An interlocal agreement is currently under development with Hidalgo County and the City of McAllen.

Hidalgo County Precinct #4 respectfully requests that the Russell Road project be functionally classified as a Minor Collector roadway.

The County has provided the following exhibits to support the FC of the subject roadway: Attachment A – Location Map

If you need any additional information or have any questions, please contact me at (956) 383-3112.

Sincerely,

Ellie Jones

Commissioner Ellie Torres Hidalgo County Precinct #4

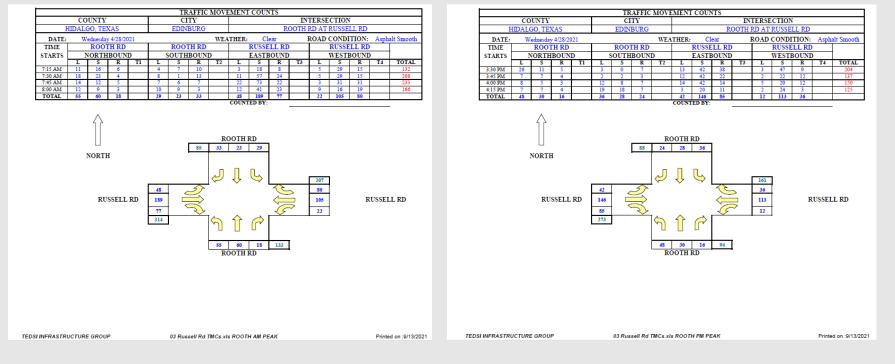

cc. Eddie Trevino, RGVMPO Chairman, Cameron County Judge Pete Alvarez, P.E., TxDOT Pharr District Engineer Melba Schaus, P.E., TxDOT Planning Director Roy Rodriguez, P.E., City Manager, City of McAllen Eduardo Mendoza, P.E., Director of Engineering, City of McAllen

Traffic Data

#### How do I measure roadway segments?

- 1. Navigate to the TxDOT <u>Statewide Planning Map</u>.
- 2. Click the "Search" icon and type "in the desired project location.
- 3. Click the "Distance Measurement" tool.
- 4. Click the starting and ending points of the road segments you want to measure.

#### **Training Exercises**

#### Functional Classification Request Preparation Exercise for US 380 Segments

#### **INSTRUCTIONS**

- Dallas District proposes FC changes for segments of US 380 within MPO boundaries (NCTCOG).
- Prepare a FC Change Request Package using the provided materials.
  - 1. Fill in the FC Checklist (Form 2373)
  - 2. Check the Statewide Planning Map
  - 3. Compile supporting documentation

#### PROVIDED MATERIALS

- FC SOP
- Blank FC Checklist
   (Form 2373)
- CSJ Numbers
- CSJ Location Map
- FHWA FC Map
- Land Use Map
- Bicycle Route Map
- TIP Data
- STIP Data
- Traffic Data

#### DELIVERABLES

- 1. Completed FC Checklist
- 2. Compiled document set that supports the request.
- 3. Brief written summary explaining:
  - a. Challenges
  - b. Important considerations
  - c. Rationale for your final recommendations

**Functional Classification**
