Fernando Cantu, GIS II provided a brief explanation on the FY2020 – 2021 UPWP Amendment to Policy Members as follows: The RGVMPO staff will be seeking to establish offices in the Cameron and Hidalgo Counties, due to space limitations of staff growth at the current Valley Metro Weslaco location. RGVMPO will need to purchase laptops, monitors, keyboards, and peripherals as needed as well as GIS Devices and and/or GIS Desktop computers, to accommodate RGVMPO Staff or replace existing units as they become outdated. This seamless Regional Planning process will provide ease in connectivity to RGVMPO staff and the public, as well as members of local governments using the Satellite Office.

Staff will be acquiring "Moving Services" following all procurement requirements, for the possible relocation of RGVMPO Staff to the Brownsville Transit Terminal and the Valley Metro Station in Edinburg. In doing so staff will be utilizing the following Cary Over Funds from FY2020-2021. Staff concluded by letting Policy Members know that the FY2020-2021 UPWP Amendment has been revised in "RED" to reflect the planning changes and is included in the packet (See Attachment).

Andrew noted that this was an exercise that staff needed to go through for the possibility of staff relocation to identify expensive which is part the approval from both TxDOT and FHWA, so that The Lower Rio Grande Valley Development Council (Fiscal Agent) knows they will be reimburse for any expenses during that process.

Chairman Hernandez ask staff is the two new office locations have been selected.

Staff noted that both sights have been selected, one in (LRGVDC) Edinburg area and the other sight in Brownsville. Cities' representatives (City Managers or Mayors) were contacted regarding the two new sights as requested at the previous Policy meeting by members. No hesitation was expressed from anyone on the Policy Board/Planning Partners.

TxDOT ask whether these buildings will be on a lease. Staff replied, yes, these facilities will be on a lease agreement, just as RGVMPO current facility is with the LRGVDC. These lease agreements would have to come before the Policy Board for final approval.

The RGVMPO will be doing a Project Call to promote Plans and Studies for the Region that our Planning Partners may wish to undertake but may not have all the funding to address. IF there is a study or plan that Planning Partners would like the RGVMPO to consider assisting in, staff will be taking request until **Friday, April 30, 2021 by 5PM.**

Andrew noted that the Studies need to include the following:

- Type of Study/Plan
- ✤ Geographical Area Study/Plan is to take place in
- Expected Timeline for the Plan;
- Funding Your Organization Is Providing for such Plan/Study and amount of Funding being requested of the RGVMPO.

No further discussion took place on this item, Policy members present acknowledged the 2022-2023 UPWP Program Call as presented by staff.

E. Discussion Regarding Category 9 Funding

Eva Garcia, Bike/Ped Program Coordinator gave a brief background on Category 9 Funding as follows: FY2021-2022 Transportation Alternatives Set-Aside (TASA) Program Call for Projects was postponed due to the Texas Transportation Commission adopting amendments relating to TASA, codified under Title 43, Texas Administrative Code, Part 1. Since the postponement, RGVMPO staff has been working with TxDOT for guidance on the amendments and a consensus on funding availability for previously awarded projects and the upcoming Call for Projects.

RGVMPO Staff, in collaboration with TxDOT Staff, are prepared now to move forward with the FY2021-2022 TASA Call for Projects. Approximately \$2.3M will be available for projects, with \$2.07M (90%) for construction and \$230,000 (10%) for planning. Staff will be presenting a draft project call announcement flyer, timeline, and revisions to the funding program guide at the April 7, 2021 Bicycle and Pedestrian Advisory Committee (BPAC) Meeting.

Staff provided an attachment for Policy Board Members' convenience and as a reminder, a list of previously awarded projects currently in development, the Sept. 2020 TASA amendments, and a TASA Budget Page Sample which highlights the Category 9 federal (80%) and local government (20%) participation split, the Direct and Indirect State Costs.

ARTICLE I

1.01 Name

The name of this committee shall be the Transportation Policy Board of the Rio Grande Valley Metropolitan Planning Organization (RGVMPO).

1.02 Purpose

The Transportation Policy Board provides regional transportation policy guidance for those participating government entities and agencies which comprise the Rio Grande Valley metropolitan planning area (Appendix A).

- a. The physical, economic, and social well-being of the region, its citizens, and business enterprises, now and in the future, is determined to a great extent by its transportation system. Therefore, decisions involving transportation systems and subsystems must consider the environmental, economic, and social impacts of the alternatives in the future development of the transportation system and must attain the principal objective of having an efficient, safe, and practical system for moving people, goods, and services in the region according to their needs.
- b. A transportation system can best be planned on a large-area basis involving city, county, regional, and state jurisdictional responsibilities and a proper mix of various modes of travel.
- c. Counties and cities have the local responsibility for anticipating and meeting the transportation needs for adequately moving people and goods within their jurisdictions. However, the Texas

Department of Transportation is charged, by law, with the responsibility for planning, designing, constructing, and maintaining the State Highway System. In addition, duly authorized transportation authorities are responsible for planning, developing, and operating public transportation services in their respective service areas. Under federal legislation, the RGVMPO, has an expanded role in project selection, transportation project programming, and project funding.

- d. Evaluation of transportation alternatives and the determination of the most desirable transportation system can best be accomplished through a Transportation Policy Board of primarily elected officials from the counties and cities in the Rio Grande Valley Region. The Transportation Policy Board will be the forum for cooperative decision making by primarily elected officials of general purpose local governments (i.e., cities and counties) and including representatives of entities responsible for highway, toll road, mass transit improvements, and ground access to air carrier aviation.
- e. The Transportation Policy Board will make recommendations involving the regional transportation system, including the regional highway system, the regional public transportation system, and the regional aviation system, to the counties and cities, the State, and the authorities for all modes of transportation. Final decisions for implementing the Metropolitan Transportation Plan will be a cooperative effort between the governing bodies of the counties and cities, the Texas Transportation Commission, the Transportation Policy Board, and the authorities.
- f. The Transportation Policy Board will monitor the metropolitan transportation planning process to assure that it is conducted in a manner consistent with requirements of federal law and regulations.
- g. In an attempt to fulfill the above concepts and to meet the requirements of the Federal Aid Highway Act of 1973, the Governor, on May 14, 2019, designated the RGVMPO Transportation Policy Board as the Metropolitan Planning Organization for transportation planning and to be the decision-making group for regional transportation policy for the Rio Grande Valley's urbanized areas. The Lower Rio Grande Valley Development Council (LRGVDC) serves as the fiscal agent for the MPO. As the designated Rio Grande Valley Metropolitan Planning Organization, the RGVMPO must assure that transportation planning in the urbanized area is satisfactorily coordinated and integrated with other comprehensive planning in the State Planning Region. These Bylaws and Operating Procedures set forth the manner in which the Transportation Policy Board shall fulfill its responsibilities as the cooperative transportation decision-making group of the Metropolitan Planning Organization for the Rio Grande Valley metropolitan area.

1.03 Definitions

The following definitions shall apply to terms used in these Bylaws and Operating Procedures:

a. <u>Transportation Planning Process</u>. The transportation planning process is the process of estimating future travel demand, identifying transportation improvement alternatives, and evaluating those alternatives and financial resources to determine the best combination of facilities and services for all modes of travel.

- b. Metropolitan Transportation Plan. The Metropolitan Transportation Plan (MTP) is the delineation of projects, programs, and policies associated with highway, transit, aviation, and other multimodal facilities that would serve the projected travel demand for a forecast year. The Metropolitan Transportation Plan will include a listing of projects, policies, and programs anticipated to be funded over the next approximately 20+ years, and to be developed consistent with federal guidelines.
- c. <u>Transportation Improvement Program</u>. The Transportation Improvement Program (TIP) is a multimodal listing of all transportation projects and programs expected to be implemented over an approximately four-year period, as well as projects that are funded but not yet ready for implementation. This includes all projects or programs which are expected to utilize federal funds and those projects or programs which will utilize other funds (state or local), including toll road projects. The TIP will be developed consistent with federal guidelines and Transportation Policy Board selection criteria.
- d. <u>Unified Planning Work Program</u>. The Unified Planning Work Program (UPWP) is a listing of planning projects to be performed by the RGVMPO in support of a continuous, comprehensive, and coordinated transportation planning process. The UPWP also contains a listing of planning projects performed by other agencies which will have regional significance.
- e. <u>Regional Transportation System</u>. The Regional Transportation System is the continuous network of roadways, transit services, aviation, and other multimodal facilities that provides for movement and interchange of people and goods, primarily between local jurisdictions within the region. Included in the Regional Transportation System, but are not limited to, are the Regional Highway System, Regional Public Transportation System, Regional Aviation System, International Bridges, Sea and Space Ports, and Air Carrier airports.
- f. <u>Regional Highway System</u>. - k. <u>Alternate Member</u>. An alternate member is the individual appointed to represent an entity or group of entities on the Transportation Policy Board in the absence of the primary member. An alternate member will receive all meeting materials provided to the primary member and is encouraged to attend RGVMPO Transportation Policy Board meetings on a regular basis in order to be knowledgeable on issues and prepared to vote should the primary member be unable to attend a particular meeting. In order to ensure coordination between primary and alternate members, all information requests by the alternate member should be coordinated through the primary member.
- I. <u>Fiscal Agent</u>. The fiscal agent for the RGVMPO is the entity responsible for providing fiscal, human resource and staff support services to the RGVMPO. The responsibilities of the fiscal agent are to maintain required accounting records for state and federal funds consistent with current federal and state requirements; to provide all appropriate funding, as identified by fiscal year in the RGVMPO, to allow the RGVMPO staff to effectively and efficiently operate the program, to provide human resource services to the RGVMPO, to provide benefits for the RGVMPO staff that shall be the same as the fiscal agent normally provides its own employees, or as determined through an agreement between the RGVMPO Transportation Policy Board and the fiscal agent. Transportation Policy Board Members TPB Meeting, April 28, 2021

RE: ITEM IV (G) Discussion on RGV Traffic Safety Initiative

Background: On November 6, 2020 the Texas Department of Transportation (TxDOT) posted the FY 2022 Request for Proposals (RFP) notice for projects that support the targets and strategies of its Traffic Safety Program to reduce the number of motor vehicle related crashes, injuries and fatalities in Texas. At the request of the RGVMPO Bicycle and Pedestrian Advisory Committee (BPAC), the funding constraints and requirements were presented by RGVMPO Staff and discussed with BPAC Members at the December 2020 BPAC meeting.

Update: Motivated to implement the recommendations from the recently adopted RGVMPO Active Transportation Plan, and to further support the goals of the Texas Highway Safety Plan and the USDOT Pedestrian Safety Action Plan, RGVMPO Staff developed and submitted a grant application on January 6, 2021. The *RGV Traffic Safety Initiatie* proposes a comprehensive approach to addressing traffic safety as a region. Subject to the approval of the Texas Transportation Commission, the RGVMPO has been selected to receive \$41,5000 to fund the *Initiative's* objectives and activities.
